

### *Our Vision for SouthPoint is...*

*To become a healthy, vibrant Christian community that is devoted to Jesus Christ and His transformation of our lives as we learn to love one another and our community for God's glory and our fulfillment*

### *We Value...*

- **Bible-Centered Ministry:** We desire to be diligent learners and teachers of the Word of God, which will inform all of our beliefs and practices. Biblical teaching is the catalyst for true transformation of heart, mind and character.
- **Immersive Worship:** We desire to be a body that actively participates in worship. As we declare God's attributes together in our gatherings, we bring glory to God and we edify the church.
- **Transformed Lives:** We desire deep, ongoing growth in our relationship with Christ. As we are changed by Him, our actions and attitudes will follow. We become people of freedom, prayer, worship, generosity and service which impacts all of those in our community.
- **Authentic Community:** We desire to be engaged in genuine relationships with one another. God uses our community to shape and develop us into the people He has called us to be. As we grow in our fellowship with each other, we grow in our fellowship with Jesus.

### *That we would be...*

- **Equipped for Service:** We recognize that God's strategy for changing the world is through His Church; we therefore equip those within our church to discover and use their gifts to serve God and others.
- **Engaged with the World:** We recognize that God has called us to lovingly declare the gospel message to the whole world. We desire that this church would have a kingdom mindset; pursuing the lost and inviting them into relationship with Christ. We align ourselves with the work of God in redeeming the world to Himself.
